

Model F4000

F4000 Cutting System - six piece slicing head, pineapple peel/core, celery segmenting, wedging, and others available

The F4000 is a medium output cam action cutter for fruits and vegetables perfect for work station environments. This system utilizes a double palm button system for cycling the machine that includes a light curtain for safety, allowing one person to easily load and operate the system.

The F4000 is the perfect compact cutting system for a breadth of applications including:

- ▶ Tomatoes - slicing, 6 pieces per stroke
- ▶ Pineapples - peel/core, top/tail, wedge and chunks
- ▶ Cabbage - wedge, wedge/core
- ▶ Lettuce - wedge
- ▶ Apples - wedge/core, 4 per stroke
